

Iowa State University Food Science Club News

The 2006 FSHN Silent Auction held on November 30, 2006, was a huge success! A total of \$800.50 was raised during the silent auction. Funds will be divided between the Food Science Club and Nutrition Club and will be used to support club activities. The Food Science Club also participated in Edwards Elementary School's Science Night on January 16, 2007. Three more science nights are scheduled for the rest of the semester. Midwest Food Processing Conference

According to Kate and Michelle from ISU the MFPC was a fun time and a great learning experience. They gave the Iowa section IFT an informative report on their activities at the November meeting. They particularly enjoyed the MFPC/RCA Culinary Challenge. Next time it may be structured a bit differently to prove even more challenging. ISU students always up for a challenge, are counting the days until the next Conference!

Re: March 2007 Council Meeting Materials

On behalf of the Task Force on Governance and the Committee on Constitution and Bylaws, I am pleased to share with you that reports from both groups are now available at a special governance resource site: <http://www.ift.org/governance>.
(If the link does not work, please copy and paste into your web browser).

This special site contains:

- 1) **Final report from the Task Force on Governance**
Over the past few months, the Task Force has been reviewing feedback from various membership groups including the Council.
- 2) **Resource and Background Materials**
Selected readings and articles have been posted to provide additional background and insight and audio clips from the Task Force are included.
- 3) **Documents from the Committee on Constitution and Bylaws**
As you know, the Council approved and the membership ratified a streamlined Constitution and Bylaws. Over the past several months, the Committee on Constitution and Bylaws has been working to fulfill its charge to prepare implementing language for the proposed governance changes. The posted documents contain the implementation language and no other changes.

These two reports will serve as the basis of the upcoming Special Council meeting on March 23, 2007 in Chicago. The Council meeting will occur midway through the inaugural Strategic Leadership Forum, March 22-24. Registration details and information will be available soon. Please e-mail Gail Wiseman at gawiseman@ift.org with any questions regarding the meeting.

A special e-mail address governance@ift.org has been set up to manage questions regarding the Task Force on Governance report or the Committee on Constitution and Bylaws documents. Please use it to transmit questions and comments.

A series of member briefing calls will be held in February and March to let you ask questions of your fellow members serving on the Task Force on Governance and Committee on Constitution and Bylaws. You will have these dates soon.

Thank you for your commitment to IFT. We look forward to speaking with you during our Member Briefing Calls and to seeing you at the Strategic Leadership Forum.
